RT INTERNATIONAL

Jewellery Tools & Equipments

ABOUT US

Established in the year 2010, Our pursuit of getting outstanding recognition for providing excellent quality of tools and equipments helped us to grow by leaps and bounds and today we stand as leading importer and distributor of jewellery making tools and equipments all over India. The philosophy of customer satisfaction and long-term business enabled RT INTERNATIONAL to establish a solid business relationship with the leading manufacturers, suppliers, companies and other customers. We believe in providing our clients with the best quality tools at the least possible rates and thus create a win-win situation. Today we have clients across various parts of the nation and soon will be spreading overseas.
